Joe C just called me about tomorrow's test pitting at Aerovox. He didn't say if was going to be there or not. I mentioned that EPA is reviewing the Phase III and that the 30 day "deadline" for comments is 21 Sept and that we were going to be providing comments to DEP SE Region roughly the 9th to keep things moving and I recommended that he review the document with particular attention to the proposed OU3 remedy selection as it has the greatest potential for impacting the harbor site.

He is aware of the meeting we are having with the Corps tomorrow and knows it's EPA/Corps only. With regard to the 9/12 RAC meeting, I will suggest to Ellen that he be invited unless I hear otherwise from you.

Elaine

Will you both be attending this? Is so, I am going to try to schedule a meeting with Michele Paul that afternoon to connect with her on Parcel 265 work and PMC plans.

Hi all,

Ginny, Elaine and I had discussed last week the idea of meeting with Jacobs to kick off the new RAC on 9/12 at Sawyer Street. Kevin and I developed the attached agenda. Please let me know if you want to add or change any of the agenda items. Kevin and I plan to have a separate meeting with NAE Contracting and Jacobs contract admin folks to go over other items relating to contract administration separately.
